

The diagram shows a network simulation setup within a dashed rectangular border. On the left, a light blue circle contains a light blue rounded square labeled "Ping Client". On the right, a light blue circle contains a light blue rounded square labeled "Ping Server". A light blue line connects the two circles. In the center, the text "NS-3" is written in large, bold, black font, with the connecting line passing through it.

Ping
Client

NS-3

Ping
Server

The diagram shows a network simulation setup within a dashed rectangular border. On the left, a light blue circle contains a light blue rounded square labeled "Ping Client". On the right, a light blue circle contains a light blue rounded square labeled "Ping Server". A light blue line connects the two circles. In the center, the text "OMNeT++/INET" is written in large, bold, black font, with the connecting line passing through it.

OMNeT++/INET
